Co-operative
Young Leaders

Since 1967, CYL has brought together thousands of youth from across Ontario to participate in traditional camp activities, while instilling co-operative values and equipping them with the self-confidence and tools they need to succeed in the world.

- Develop new leadership, team-building and communication skills.
- Have fun playing outdoor games and sports, participating in activities and campfires.
- Foster self-confidence and self-awareness.
- Develop a more co-operative mindset, and a deeper understanding of co-operative values and the businesses that are guided by them.
- Feel accepted and valued for who you are, in a safe, inclusive and non-judgmental space.
- Meet other youth from across Ontario and forge friendships that can last a lifetime!
